

# TRANSFER AND ENTREPRENEUR CENTRE

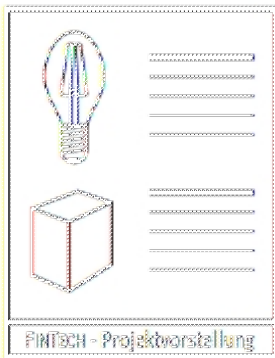

## How does it work?

### The idea

Are you students or employees at a research institute in Saxony-Anhalt? You have an idea for a new product, a new service or a new process?

Very good! You made the first step already!

### The presentation template

Now it is time to make your idea more specific, which hard- and software in the FinTech incubator do you want to use? How does your time plan look like? Make some concrete plans with our presentation template

### Presentation english

### The first contact

Tell us about it! Send a Mail to [fintech@ovgu.de](mailto:fintech@ovgu.de) with your presentation attached.

You do not like that because you are scared that someone takes your idea away? This fear can be taken from you. All employees have signed non-disclosure agreements as part of their contract. You are still unsure? Call us: 0391-67-50170

### The usage agreement

We look at your presentation and invite you to a first conversation. There we will talk about potential problems we found.

Afterwards you will be registered as an official user and the usage is for free for you

### Working in the FinTech incubator

The working hours in the FinTech incubator can be freely selected in consultation with us during normal working hours of the chair.

### The project documentation

How is your project going? Have there been throwbacks or even better some successes? How does your prototype look? A picture is taken quickly and will help us to improve our support. Send us a short project update from time to time.
