

TRANSFER AND ENTREPRENEUR CENTRE

Founding at the OVGU

Many founders are driven by the idea of realizing their own inventions. They believe something is missing in the world. It's good! But in the next step people often get stuck. You have false expectations or are faced with an obscure confusion.

That's exactly what the founders' service at the OVGU has been set up for: to help you gain insight and help your founding succeed.

Our offers for you
Consultation

Start your foundation successfully now

Whether initial consultation, personality test or mentors. We always support you with suitable options and help you with our offers to find out if a start-up suits you.

[Gründerzeit](#)

Get your equipment to success

We know that starting a business involves countless formalities and high levels of uncertainty. In the Gründerzeit you get the tools to recognize and master typical initial obstacles for your secure start in the self-employment.

more...

International Startup School

Orientation - Community - Experience - Certificate

International Startup School is our personalized program, specially tailored to help international students who are planning to start their own business or work for a startup.

CoWorking

Creative workspace instead of home office

You have no room for your ideas? Home office is not your thing and you prefer to work externally and meet other creative minds? In our co-working rooms, we offer you individual offices and plenty of space to make you realize yourself.

Financing & Funding

Start-up capital for your foundation

For the big step into the foundation, it also needs the necessary capital. Here are a few selected funding programs of the state and the federal government. In a consultation with one of our start-up consultants, we can jointly examine which form of financing applies to your project.
