

TRANSFER AND ENTREPRENEUR CENTRE

We market your results from research and development

Every year, the Otto-von-Guericke-University Magdeburg promotes the **commitment** of its institutes, professorships and their scientific staff to present innovative research results and (potential spin-offs) in a public setting at trade fairs.

We support you in the **preparation and execution of trade fair appearances, workshops and all other transfer related events**. Talk to us and we will work out your trade fair timetable to success.

- Participation in trade fairs within the framework of the joint project „**Research for the future**“ and support in your trade fair appearances
- Support of **knowledge transfer** between business and research through various transfer events, trade fairs with lecture program and cooperation exchange at OvGU
- **Firmenkontaktmesse Magdeburg**, a platform at the OvGU to support the initiation of contacts between students, graduates and young professionals

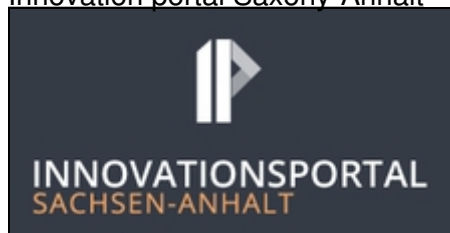

Research portal Saxony-Anhalt

Get to know the virtual interface between science and business with the click of a mouse and find contact persons, publications, research projects and much more.

[Market at research fairs](#)

The marketing of your projects at research fairs takes place mainly in the sponsored trade fair association "Research for the future", a joint project of the research institutions of Saxony, Saxony-Anhalt and Thuringia. Here we gladly support you in your successful trade fair appearance.
