Research and transfer fairs 2020 - Participation options at OVGU booths

As part of the participation of OVGU in the joint project "Research for the future" and in preparation of the joint stands and individual trade fair participation of OVGU at research and transfer fairs for the year of fairs 2020 you can from now on communicate your request to join a (research and transfer) fair at the following link:

<https://www.umfrageonline.com/s/MessenOVGU2020>

The data is used to determine the need for participation in trade fairs of the institutes and departments for the year 2020. As of the 29 August 2019, after the receipt of all notifications about OVGU's joint and individual participations, it will be discussed and determined on the basis of this data, which trade fair participations are supported and which trade fair stands can be organized.

Detailed information on the fairs has been compiled for you in the appendix.

You will receive further information on the process after receiving your report and completing the survey.

Educational and student fairs as well as their planning are in the responsibility of the Department of Student Affairs and MKM.

You will find more information to the fair project "Research for the future" at www.forschung-fuer-die-zukunft.de.

If you have further questions, please send us an eMail messen@ovgu.de.

Best regards

Your FairTeam of the
Otto-von-Guericke-University Magdeburg
Transfer and Start-up Center (TUGZ)
Universitätsplatz 2 | 39106 Magdeburg
Building 18, 5. Level (please use south entrance)

Register now for the Gründerzeit!

06.05.2019 -

The **Gründerzeit!** starts on May 8, 2019 and you are not registered yet? Then you will find the **most important** information here.

The event series with the topic of founding prepares you for the **large milestone** of a foundation. In expert lectures you will receive **valuable tips** and suggestions from the real world for your start-up project. You get key facts and tools to help you on your way to your own startup.

Also, meet other founders and **expand your network**. Use the chance and exchange your ideas.

On 08.05.2019 the Gründerzeit! begins with the first topic **funding opportunities and financing options** for founders. This specifically concerns financial planning and various ways in which you can obtain **capital** for your project. In addition, a **Magdeburg startup** reports on their experience through crowdfunding.

The event is always from **17:00 - 19:00** and takes place in the meeting room/ foyer der Universitätsbibliothek statt.

Please register for every event via the **eLearning-portal** : <https://elearning.ovgu.de/enrol/index.php?id=4629> or send an **Email** to gruenderzeit.tugz@ovgu.de.

All detailed **topic descriptions** can be found [here](#).

6. Ladies Night in Engineering Sciences

15.04.2019 -

On the 11th of April the **6th Ladies' Night for Women in Engineering Sciences** took place and the TUGZ and the MakerLabs presented themselves from their best side. There was an **exciting exchange** and potential future founders informed themselves about the **various start-up opportunities**.

Despite the cold weather, more than 50 interested people found their way to the TUGZ stand and **networked** with each other. It was discussed together with various experts how a successful **start-up coaching** can be implemented alongside the studies and what role the **founding workshops** can play in this.

The **guided tour** then started with two of the eight sponsored MakerLabs of Otto-von-Guericke University Magdeburg. The laboratories "**Mobilität und Logistik**" (iP-LogMO) and the labor inspector Mrs. Judith Zadek as well as "**Arbeitswelt 4.0**" (AWI-Lab) were presented by laboratory supervisor Eric Harnau with exciting and interesting contributions.

This way modern techniques could be explored as well as **example products** could be tried out. The participants were especially pleased that the university laboratories could be used free of charge for projects with new ideas.
