

TRANSFER AND ENTREPRENEUR CENTRE

Intelligent prototyps for logistics and mobility

The MakerLab IP-LogMo - Intelligent prototyps for logistics and mobility is equipped with portable machine tools, a high quality prototype mounting surface for aluminum and steel processing, and a prototype facility with woodworking tools. With the MakerLab, prerequisites have been created to create prototypes for intelligent transport and mobility solutions.

At [News](#) you will find current dates and events. The page [Your project ideas](#) gives you the opportunity to present your projects and ideas to us and to register as a user in the MakerLab. The page [Machines](#) introduces you to our machinery. In the [photo gallery](#) you will find impressions of projects and events as well as guided tours of the MakerLab.
